planning for the ward and charminster road

Safeguarding the past – Building quality for the future

New housing continues to be created in our area, by converting existing buildings or by demolishing them and building new ones. Do you want a voice in what goes, what stays and how things change?

Would you like to know more about the heritage and history of our area and to influence how our houses look today and in the future?

Come to the public meeting to hear about:

- The heritage and history of our area
- Our project with Bournemouth University students
- How to influence the future of building and housing in our area

Tell us what matters most to you.

Saturday 18th May 2019

11:00am – 12:30pm

The Woodpecker Café

Queen's Park BH8 9BY
(next to the playground)

Everyone with an interest in our area is welcome

Heritage is just one of the areas our forum is working on
Come along and find out about everything we're doing

The Neighbourhood Forum is a group of local residents creating a plan for Queen's Park & Charminster. The Neighbourhood is the former electoral ward called Queen's Park, from Wellington Road to Queen's Park Avenue between Charminster Road and the Wessex Way. The forum's work will result in binding planning policies for the future.
